I am writing because I am concerned about the lack of competition in agricultural markets.MONSANTO should be stopped from their savage attacks on our food supply. They should be charged with TREASON! It's outrageous that they control agriculture to the detriment of public health and environmental safety! They have destroyed most of our family farms. They must be brought before a court to be punished for their crimes!

Thank you for giving me the opportunity to comment.

Sincerely,

H. Hoeke
