A healthy, competitive book market is vital to our culture. It's not in the public interest for the government to help Amazon use e-books to target traditional brick-and-mortar bookstores.

What is happening to Free Market Capitalism? Some large corporations are eradicating that notion once so basic to our system. I hope you will help preserve what's left of it in your consideration of **United States v. Apple, Inc., et al., 12-cv-2826 (DLC) (SDNY)**.
