I am writing because I am concerned about the lack of competition in agricultural markets.

Rather than stumble over the myriad reasons I have for grievous concern over food sustainability, as currently attempting to be controlled by Monsanto, I point you to an overwhelming film that documents better than I could enumerate the many real fears of allowing this monopoly of future food by Monsanto to continue:

The World According to Monsanto (<http://www.youtube.com/watch?v=hErvV5YEHkE> -- in 8 parts)

If THAT doesn't make you stop them, I have even more concern about this country's judicial system!

Thank you for your judicious consideration.

Sincerely,

Carole Sarcinello
