I am writing because I am concerned about the lack of competition in agricultural markets.

Monsanto and Companies Like Monsnato should be Put OUT OF BUSINESS... It Corporate Leaders should be lined up against a wall and shot for the devastation they have already caused to Soy and Corn all over the world...

But Instead due to Big Bucks the Folks in washington prefer to take the Money and Screw The Enviroment and the people all for the sake of money...

Worse yet the Jeanie may have already been let out of the Bottle and may cause the devastion to ALL OF MAN"S FOOD CROP...
Not to mention what it does to the organs of animals...

Thank you for giving me the opportunity to comment.

Sincerely,

Dewey Fish
